SKILLS

Golang | Python | kubebuilder/kubernetes operators | Data Structures/Algorithms | Github Actions | Kubernetes | Django | Flask | ReactJS | Terraform | OOP | PostgreSQL | Cloud Native | REST | GRPC | AWS | Azure | Microservices

WORK EXPERIENCE

Staff Software Development Engineer
EnterpriseDB

05/2019 - Present — *Pune, MH, India*

EnterpriseDB provides enterprise solutions for PostgreSQL database

Achievements/Tasks

- Build Kubernetes Operators, Release tools and Pipelines on GitHub Actions.
- Lead and mentored peers.
- Build Notifications System.
- Integrate EDB's products into their Monitoring/Alerting solution called Postgres Enterprise Manager. Also handled customer escalations.
- Mentored colleagues in the team.

Software Engineer
24/7 Softwares

11/2018 - 05/2019 — *Pune, MH, India*

24/7 Softwares provides incident management solutions

Achievements/Tasks

- Refactored their legacy UI components.
- Implemented cron job executor module.
- Developed backend services for incident management system.

Technical Associate
Hashedin Technologies

01/2016 - 10/2018 — *Bangalore, KA, India*

Hashedin Technologies is software consulting firms which provides cloud based enterprise solutions

Achievements/Tasks

- Lead development team, use to have meetings with clients for collecting requirements.
- I was one of the key person architecting AI based meeting solution.
- I was part of Hashedin's training team, also taken training session on Python Django, ReactJS.

PROJECTS

EDB Sovereign Hybrid DBAAS (06/2024 - Present)

- Designed and developed image library feature to host postgres and AI model images. Also provided capability for customers to their custom postgres images and provisioning cluster from it.
- Ported notifications system from EDB Postgres AI Cloud Services.
- Involved in deploying tooling and go libraries to help co-developers to perform local deployment and testing.
- Technologies used: Golang, Python, Kubebuilder, Kubernetes, Postgres, Github Actions, Helm Charts

EDB Postgres AI Cloud Services (formerly BigAnimal) (01/2021 - Present)

- Build GRPC based microservices for provisioning Postgres clusters, along with API's for notification service
- Build tagging service for tagging resources of EDB Postgres AI Cloud services.
- Build Kubernetes Operator for Apache Superset and Next Generation Postgres Enterprise Manager.
- Build custom kubernetes admission controller to validate and manage kubernetes resources deployed for EDB Postgres AI clusters.
- Lead notifications feature from converting PEP to RFC and implementation for the RFC.
- Build tools for release management and operations. Such as common tools to build and push docker images, Kubernetes kustomizations, tool to manage version set of microservices.
- Architected EDB Cloud Status site project both frontend and backend.
- Working knowledge about kubernetes FluentD, FluentBit, Prometheus, FluxCD, External DNS, Scheduling, Kubeadm, Kind.
- Mentored and lead team.
- Technologies used: Golang, Python, ReactJS, Kubebuilder, Kubernetes, Postgres, Terraform, Github Actions

Postgres Enterprise Manager (05/2019 - 01/2021)

- Integrated BART(Backup and Recovering) and BDR(Bi-directional replication) tools into PEM.
- Handled customer escalations both on call and off call.
- Contributed to pgAdmin4(open source project), which is base for PEM.
- Mentored peers.
- Technologies used: Python, ReactJS, BackboneJS, Postgres

AI based meeting app (01/2018 - 10/2018)

- I played key part in architecting this app.
- I was point of contact for client. Use to have meetings with client collect, clarify client's requirements.
- Implemented meeting room feature both frontend and backend services.
- Technologies used: Python, ReactJS, NodeJS, Redis, Postgres

EDUCATION

MCA
Jain College of Engineering, Belagavi, KA, India
08/2013 - 06/2016 *79.01%*

BCA
Bharatesh College of Computer Applications, Belagavi, KA, India
06/2010 - 06/2013 *84.61%*

CERTIFICATES

Certified Kubernetes Application Developer (12/2024 - 12/2026)

AWS Certified Developer Associate (11/2017 - 11/2019)
